BUSINESS OFFERED FROM THE FLOOR

G. Kniffen spoke about a section of pavement on Corporate Drive where an increase in truck traffic entering I-81 has impacted the quality of the pavement. He asked that the project be a potential addition when solicitations for the next TIP update were sent out. C. Paddick let the committee know that BMTS was waiting an extra year to update the TIP since the federal transportation bill will be expiring and the new dollar amounts would not be available in time for a regular 2-year update.
