This report does not include the County Use Tax figures. The County Use Tax is transmitted to the County by the State on an annual basis.

Bad Checks Returned to Albany

\$8,141.04

*25 County Bad Check Charge covers \$15.00 bank fees for a bounced check - the remaining \$10 helps defray the bad check fees that are incurred when checks have to be resubmitted for payment and subsequently clears. Otherwise these costs are not recoverable

Rick/Sharon, Barbara Smith indicated that she believes Henry got the bank to drop those fees. I don't know how he managed that but must have talked to someone. Might be worth a bank meeting? Seems like since we have a sizeable balance in that account throughout the year, they should be willing to negotiate?
