Full Environmental Assessment Form
Part 2 - Identification of Potential Project Impacts

Agency Use Only [If applicable]
 Project : Sanford Site
 Date : May 4, 2019

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency **and** the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

Full Environmental Assessment Form
Part 3 - Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Impact on Land - The communications facility will have a small to moderate impact on land. The total project area involves the disturbance of approximately 0.49 acres. Temporary disturbed surfaces will be restored to pre-construction conditions.

Impact on Surface Water - The proposed access drive requires improvements to an existing culvert that conveys water from a surface drainage feature. No impacts to water quality will occur as a result of the culvert placement.

Impact on Aesthetic Resources - The Public Archaeology Facility prepared a Phase I Cultural Resource Survey for the project on March 25, 2019. The report revealed the presence of no National Register Eligible (NRE) properties within 0.5 miles from the project; PAF concluded that the proposed tower will have no negative visual impacts to NRE properties. In addition, the project is located in the viewshed of public thoroughfares and places in the Town of Sanford. No significant viewshed impacts associated with the tower are anticipated given:

1.) No clearing/grubbing of trees is required for construction; 2.) Existing vegetation and structures obscure the view of the project location; 3.) There are no designated NYS scenic byways in the vicinity of the project; 4.) The tower lighting is medium intensity and does not create atmospheric illumination.

Impact on Lighting - The tower will be lit per Federal Aviation Administration requirements. The tower will have medium intensity tower obstruction lighting to comply with FAA guidelines. The lighting configuration will consist of a top-mounted White/Red LED lighting system and Red LED side lights. FAA standards have been developed to reduce impacts to migratory birds. It is not anticipated that the tower light will create a significant environmental effect given the light is medium intensity and does not create atmospheric illumination.

Impact on Energy - The proposed project requires electrical services; specifically, the project will require installing a 200 amp service. The project will comply with the NYS Energy Conservation Code. In addition, vehicle traffic to and from the project site will be minimal and will only occur during maintenance operations.

Consistency with Community Plans - The tower height currently exceeds the recommended allowable height and lighting regulations as designated in the Town Zoning Code. Broome County is coordinating with the Town of Colesville regarding this matter. The proposed height is required in order to meet design standards; the new tower increases public health and safety whose benefits outweigh concerns for height and lighting.

Impact on Historic and Archeological Resources - The PAF Phase I survey included a review of prehistoric and historic cultural significance of the project location, as well as a review of the project's potential to effect NRE properties from a visual concern. The PAF report concluded that no sensitive archeological materials occur within the project footprint, and that no significant viewshed impacts associated with historic resources will occur. SHPO concurred with the findings of the Phase I and issued a letter of No Effect on December 19, 2018.

Determination of Significance - Type 1 and Unlisted Actions

SEQR Status: Type 1 Unlisted

Identify portions of EAF completed for this Project: Part 1 Part 2 Part 3

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the
Broome County _____ as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

§50-4 Establishment of an Energize NY Open C-PACE Financing Program

- A. An Energize NY Open C-PACE Financing Program is hereby established by the Municipality, whereby EIC acting on its behalf pursuant to the Municipal Agreement, may arrange for the provision of funds by Financing Parties to Qualified Property Owners in accordance with the Enabling Act and the procedures set forth under this local law, to finance the acquisition, construction, reconstruction, and installation of Qualified Projects and Eligible Costs and Financing Charges approved by EIC and by the Financing Party under the Finance Agreement. EIC, on behalf of the Municipality, and with the consent of the Benefited Property Owner, will record a Benefit Assessment Lien on the Benefited Property in the Secured Amount (the "Benefit Assessment Lien") on the land records for the Municipality. Such recording shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality.
- B. Before a Qualified Property Owner and a Financing Party enter into a Finance Agreement which results in a loan to finance a Qualified Project, repayment of which is secured by a Benefit Assessment Lien, a written consent from each existing mortgage holder of the Qualified Property shall be obtained, permitting the Benefit Assessment Lien and each Annual Installment Lien to take priority over all existing mortgages.

§50-5 Procedures for eligibility

- A. Any property owner in the Municipality may submit an application to EIC on such forms as have been prepared by EIC and made available to property owners on the website of EIC and at the Municipality's offices.
- B. Every application submitted by a property owner shall be reviewed by EIC, acting on behalf of the Municipality, which shall make a positive or negative determination on such application based upon the criteria enumerated in the Enabling Act and §50-6 of this local law. EIC may also request further information from the property owner where necessary to aid in its determination.
- C. If a positive determination on an application is made by EIC, acting on behalf of the Municipality, the property owner shall be deemed a Qualified Property Owner and shall be eligible to participate in the Program in accordance with §50-7 of this local law.

§50-6 Application criteria

Upon the submission of an application, EIC, acting on behalf of the Municipality, shall make a positive or negative determination on such application based upon the following criteria for the making of a financing:

- A. The property owner may not be in bankruptcy and the property may not constitute property subject to any pending bankruptcy proceeding;
- B. The amount financed under the Program shall be repaid over a term not to exceed the weighted average of the useful life of Renewable Energy Systems and Energy Efficiency Improvements to be installed on the property as determined by EIC;
- C. Sufficient funds are available from Financing Parties to provide financing to the property owner;
- D. The property owner is current in payments on any existing mortgage on the Qualified Property;
- E. The property owner is current in payments on any real property taxes on the Qualified Property; and
- F. Such additional criteria, not inconsistent with the criteria set forth above, as the State, the Municipality, or EIC acting on its behalf, or other Financing Parties may set from time to time.

§50-7 Energize NY Finance Agreement

- A. Qualified Property Owner may participate in the Program through the execution of a finance agreement made by and between the Qualified Property Owner and a Financing Party, to which EIC, on behalf of the Municipality, shall be a third-party beneficiary (the "Finance Agreement"). Upon execution and delivery of the Finance Agreement, the property that is the subject of the Finance Agreement shall be deemed a "Benefited Property").
- B. Upon execution and delivery of the Finance Agreement, the Benefited Property Owner shall be eligible to receive funds from the Financing Party for the acquisition, construction, and installation of a Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, provided the requirements of the Enabling Act, the Municipal Agreement and this local law have been met.
- C. The Finance Agreement shall include the terms and conditions of repayment of the Secured Amount and the Annual Installment Amounts.
- D. EIC may charge fees to offset the costs of administering the Program and such fees, if not paid by the Financing Party, shall be added to the Secured Amount.

§50-8 Terms and conditions of repayment

The Finance Agreement shall set forth the terms and conditions of repayment in accordance with the following:

- A. The principal amount of the funds loaned to the Benefited Property Owner for the Qualified Project, together with Eligible Costs and Financing Charges approved by EIC and by the Financing Party, shall be specially assessed against the Benefited Property and will be evidenced by a Benefit Assessment Lien recorded against the Benefited Property on the land records on which liens are recorded for properties within the

Municipality. The special benefit assessment shall constitute a "charge" within the meaning of the Enabling Act and shall be collected in annual installments in the amounts certified by the Financing Party in a schedule provided at closing and made part of the Benefit Assessment Lien. Said amount shall be annually levied, billed and collected by EIC, on behalf of the Municipality, and shall be paid to the Financing Party as provided in the Finance Agreement.

- B. The term of such repayment shall be determined at the time the Finance Agreement is executed by the Benefited Property Owner and the Financing Party, not to exceed the weighted average of the useful life of the systems and improvements as determined by EIC, acting on behalf of the Municipality.
- C. The rate of interest for the Secured Amount shall be fixed by the Financing Party in conjunction with EIC, acting on behalf of the Municipality, as provided in the Finance Agreement.

§50-9 Levy of Annual Installment Amount and Creation of Annual Installment Lien

- A. Upon the making of the loan pursuant to the Finance Agreement, the Secured Amount shall become a special Benefit Assessment Lien on the Benefited Property in favor of the Municipality. The amount of the Benefit Assessment Lien shall be the Secured Amount. Evidence of the Benefit Assessment Lien shall be recorded by EIC, on behalf of the Municipality, in the land records for properties in the Municipality. Such recording shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality. The Benefit Assessment Lien shall not be foreclosed upon by or otherwise enforced by the Municipality.
- B. The Finance Agreement shall provide for the repayment of the Secured Amount in installments made at least annually, as provided in a schedule attached to the Benefit Assessment Lien (the "Annual Installment Amount"). The Annual Installment Amount shall be levied by EIC, on behalf of the Municipality, on the Benefited Property in the same manner as levies for municipal charges, shall become a lien on the Benefited Property as of the first day of January of the fiscal year for which levied (the "Annual Installment Lien") and shall remain a lien until paid. The creation or any recording of the Annual Installment Lien shall be exempt from any charge, mortgage recording tax or other fee in the same manner as if recorded by the Municipality. Payment to the Financing Party shall be considered payment for this purpose. Such payment shall partly or wholly discharge the Annual Installment Lien. Delinquent Annual Installment Amounts may accrue Financing Charges as may be provided in the Finance Agreement. Any additional Financing Charges imposed by the Financing Party pursuant to the Finance Agreement shall increase the Annual Installment Amount and the Annual Installment Lien for the year in which such overdue payments were first due.
- C. The Benefit Assessment Lien shall be reduced annually by the amount of each Annual Installment Lien when each Annual Installment Lien becomes a lien. Each Annual Installment Lien shall be subordinate to all Municipal Liens, whether created by Section 902 of the RPTL or by any other State or local law. No portion of a Secured Amount shall be recovered by the Municipality, EIC, or an assignee upon foreclosure, sale or other disposition of the Benefited Property unless and until all Municipal Liens are fully discharged. Each Annual Installment Lien, however, shall have priority over all Non-Municipal Liens, irrespective of when created, except as otherwise required by law.
- D. Neither the Benefit Assessment Lien nor any Annual Installment Lien shall be extinguished or accelerated in the event of a default or bankruptcy of the Benefited Property Owner. Each Annual Installment Amount shall be considered a charge

upon the Benefited Property and shall be collected by EIC, on behalf of the Municipality, at the same time and in the same manner as real property taxes or municipal charges. Each Annual Installment Lien shall remain a lien until paid. Amounts collected in respect of an Annual Installment Lien shall be remitted to EIC, on behalf of the Municipality, or the Financing Party, as may be provided in the Finance Agreement.

- E. EIC shall act as the Municipality's agent in collection of the Annual Installment Amounts. If any Benefited Property Owner fails to pay an Annual Installment Amount, the Financing Party may redeem the Benefited Property by paying the amount of all unpaid Municipal Liens thereon, and thereafter shall have the right to collect any amounts in respect of an Annual Installment Lien by foreclosure or any other remedy available at law. Any foreclosure shall not affect any subsequent Annual Installment Liens.
- F. EIC, on behalf of the Municipality, may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens to Financing Parties that provide financing to Qualified Properties pursuant to Finance Agreements. The Financing Parties may sell or assign for consideration any and all Benefit Assessment Liens and Annual Installment Liens received from EIC, on behalf of the Municipality, subject to certain conditions provided in the administration agreement between EIC and the Financing Party. The assignee or assignees of such Benefit Assessment Liens and Annual Installment Liens shall have and possess the same powers and rights at law or in equity as the Municipality would have had if the Benefit Assessment Lien and the Annual Installment Liens had not been assigned with regard to the precedence and priority of such lien, the accrual of interest and the fees and expenses of collection.

§50-10 Verification and report

EIC, on behalf of the Municipality, shall verify and report on the installation and performance of Renewable Energy Systems and Energy Efficiency Improvements financed by the Program in such form and manner as the Authority may establish.

§50-11 Separability. If any clause, sentence, paragraph, section, or part of this local law shall be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder thereof, but shall be confined in its operation to the clause, sentence, paragraph, section, or part thereof involved in the controversy in which such judgment shall have been rendered.

SECTION 3 This local law shall take effect upon filing with the Secretary of State.

WHEREAS, the Broome County Charter and Code shall be amended to allow the County to benefit from efficiencies to be gained through changes by New York State to the public contracting provisions of General Municipal Law. Such statutory changes permit a county to adopt a local law and elect to use a "best value" analysis in the context of awarding procurement contracts subject to the state's municipal bidding requirements, and
