

CHILD PASSENGER SAFETY

Child Passenger Safety Education

Before receiving your seat, you must watch the provided educational video online and complete a 10-question survey.

Once completed, you will be set-up with a hands-on appointment to receive your seat.

Hands-On Appointments

- Must arrive in the vehicle the car seat will be installed in. No cabs, buses, or other forms of public transportation.
- Child receiving seat and parent/guardian of child must be present at the time of the appointment. We cannot distribute car seats to caseworkers, friends, or family members.
- Expecting parents must be in their last trimester.

Participating Locations:

Broome County Health Dept.
Union Volunteer Emergency Squad
Endicott Fire Department
Johnson City Fire Department

Governor's Traffic
Safety Committee

BROOME COUNTY TRAFFIC SAFETY PROGRAM FREE CHILD SAFETY SEAT EDUCATION AND DISTRIBUTION PROGRAM

This program is designed to **educate** parents and caregivers about the proper ways to transport children safely using child safety seats and seat belts and provide appropriate seats to income eligible families. **We cannot accommodate emergency situations.** Seats are provided by a grant from the NYS Governor's Traffic Safety Committee.

Eligibility for a Free Seat

Parents/caregivers must currently be receiving WIC or Public Assistance and can provide proof of such services. (WIC ID, Medicaid Card, etc.)

Must watch the required online educational video and complete a survey before receiving the child safety seat.

Must participate in a hands-on appointment with a Certified Child Passenger Safety Technician and demonstrate how to properly install the new seat.
