County of Broome Government Offices

Broome County Health Department
Jason T. Garnar, County Executive · Rebecca A. Kaufman, MS, Director of Public Health

August 13, 2020

Testing Plan: Students and staff exhibiting symptoms of COVID-19 with no other explanation for them should be sent to the school health office for an assessment by the school nurse. If a school nurse is not available, the school should contact the parent/guardian to come pick up their ill child or send the staff member home. Students and staff who are sent home from school should seek evaluation from a healthcare provider.

Testing in Broome County is conducted through local health care providers, pharmacies and the NYS Drive-through testing site at Binghamton University. If a student or staff member needs to be tested, they should contact a local healthcare provider, use a virtual walk-in, or call the NYS COVID-19 hotline at 1-888-364-3065 to make an appointment for testing.

To find a testing site near you visit: https://coronavirus.health.ny.gov/find-test-site-near-you https://coronavirus.health.ny.gov/find-test-site-near-you.

In Broome County there are several virtual walk-in providers. The Broome County Health Department strongly urges you to use the virtual option if you feel you have COVID-19 symptoms.
