| This project will implement the construction portion of the Runway 16/34 rehabilitation project which was previously designed. Professional construction inspection services will also be included in this phase of the project. As a result of this project, safety levels will be enhanced and operating costs will be reduced. Last repaved in 1990. (1 inch) Receiving a \$3,140,100 discretionary AIP Grant from the FAA. Recent meetings with FAA officials have confirmed that Broome County should have no problem securing these additional funds. 4 Quarter to CompleteLower annual O/M costs, greeater reliability |             |  |               |           |           |          |  |  |
| AVIATION 2005 Total   | \$5,100,000 | \$4,845,000  | \$127,500     | \$127,500 | \$255,000 | \$0      |  |  |
| BCC   |             |  |               |           |           |          |  |  |
| ORIGINAL BOILER REPLACEMENT PHASE I   | \$415,800   | \$0  | \$207,900     | \$207,900 | \$415,800 | \$0      | 10   | 13   |
| Provide new boilers replacing those serving BCC since 1956. One of the two units has not functioned for the past few years. The boilers provide heat for two buildings. Efficiencies are down on 48 year old equipment. A gas control valve failed recently causing an overheating condition, a release of superheated water and a building evacuation. 3 Quarter to Complete\$3,000-5,000 annual fuel cost savings associated with efficiencies.   |             |  |               |           |           |          |  |  |

| CENTRAL FOODS   |             |  |               |           |           |          |  |  |
| RENOVATIONS FOR STRUCTURAL IMPROVEMENTS   | \$157,000   | \$0  | \$0           | \$157,000 | \$157,000 | \$0      | 10   | 12(a)3   |
| Building problems exist including a water damaged floor, a roof that doesn't drain properly and resulted in ice that is a liability for the county. The roof needs to have a drain in the lowest spot, the building overhang needs to be replaced. The project would also include replacement of tile and subflooring in the food preparation area. Boiler replacement would result in reduced energy costs. Some internal painting is also needed.  4 Quarter to Completeenergy savings is anticipated.  |             |  |               |           |           |          |  |  |

| Installation of video surveillance cameras in each housing unit. The cameras would be integrated into to existing Black Creek Security System and would be capable of digitally recording any duress signal. Cameras would record and hold potential evidentiary materials that would enhance the safety of the staff and facility. Currently housing units have no cameras, and are very limited in their lines of sight. Tactical emergency entry plans are limited, which make it hard to access the situation. 1 Quarter to CompleteDecreases liability to county, provides documentation for inmate litigation, and false injury cases.       | :                            |                      |               |           |                                       |          |                    |                     |

| This project will complete Social Services' comprehensive Electronic Document Management System (EDMS) replacing the sub-standard paper-based business process and records management system. The EDMS will improve operational efficiency, reduce current cost of file retrieval, reinvesting savings into the daily DSS process, eliminate safety hazards and increase compliance with standards. This project includes equipment, software, services and peripheral pieces to get the system running. Imaging project dependent on Fiber-optics installation between DSS and BC IT, due to be implemented in April 2004. 10 Quarter to Complete |                              |                      |               |           |                                       |          |                    |                     |
