Description of Legislative Action

Section 303-B of Article 25-AA of the New York State Agriculture and Markets Law authorizes the amendment of local Agricultural Districts following an application by the landowner and review and approval by the Broome County Legislature.

The purpose of the Agricultural District program is to encourage the continued use of farmland for agricultural production. The program is based on a combination of landowner incentives and protections which are designed to forestall the conversion of farmland to non-agricultural uses.

As part of the annual enrollment process, the Broome County Agriculture and Farmland Protection Board reviewed applications made by local landowners for inclusion into an Agricultural District. The Broome County Agricultural and Farmland Protection Board recommends the Broome County Legislature add ten (10) parcels totaling 354.97 acres into Agricultural Districts 5. Each of the parcels represent agricultural farmland. The list of the parcels recommended for inclusion is as follows:

Also consider the potential for short-term, long-term and cumulative impacts.

The purpose of the New York State Agricultural District Program is to protect and promote the availability of land for farming purposes. The proposed 7.22 acres to be added to the consolidated Broome County Agricultural District 5 support existing agricultural operations. The 775.32 acres proposed for removal have been converted to non-agricultural uses or no longer include predominantly viable agricultural land. The consolidation of the Agricultural Districts will streamline the review process and make reporting less burdensome on farmers who own land in multiple districts.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input checked="" type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Description of Legislative Action

The primary purpose of the Agricultural Districts is to provide protections to the farming community by discouraging nuisance lawsuits involving their agricultural practices and overly restrictive local regulations that may inhibit a farmer's ability to run a profitable farm operation. Being within or outside of an Agricultural District has no impact on taxation or the ability to use land as permitted by local regulations.

Under Section 303-a of Article 25-AA of the Agriculture and Markets Law, the County Legislature is required to review a district eight years after its creation and every eight years thereafter, and under Section 303-c of Article 25-AA of the Agriculture and Markets Law, the County Legislature is authorized to consolidate existing agricultural districts undergoing review. This process provides an opportunity to assess the status of agriculture and propose modifications to the agricultural district boundaries. During this process, landowners can elect to add, or remove property from an Agricultural District. While parcels can be added to the district every year, land can only be removed during the eight-year review period.

As part of the eight-year review process, the Broome County Agriculture and Farmland Protection Board reviewed applications made by local landowners for inclusion into and removal from an Agricultural District. Additionally, the Broome County Planning Department performed an analysis, using tax parcel and local assessor data, to identify properties that likely do not contribute to "predominately viable agricultural land" for consideration of removal from the Agricultural District.

The Broome County Agricultural and Farmland Protection Board recommends modifications to the District including additions and removal of parcels, along with the consolidation of the county's Agricultural Districts. These recommendations are summarized below. A map of the proposed modifications is attached.

Additions

The Broome County Agricultural and Farmland Protection Board recommends Broome County Legislature add two (2) parcels totaling 7.22 acres into Agricultural Districts 5. Each of the parcels represent agricultural farmland. The list of the parcels recommended for inclusion is as follows:

MUNICIPALITY	ADDRESS	PARCEL	ACRES	AG DISTRICT
Triangle	6211 NYS RTE 26	007.04-1-1	4.64	Ag District #5
Windsor	137 Williams Road	197.00-3-9.1	2.58	Ag District #5

Total Acres: 7.22

The agricultural uses on the two (2) parcels comply with local land use laws and plans. Addition of these two (2) parcels to Agricultural Districts will preserve farmland use, thereby protecting community character and aesthetic (open space) resources. There are no anticipated adverse changes to natural resources.

Each parcel was assessed based on various environmental and natural resources factors.

- **Critical Environmental Area:** Zero parcels are located in a critical environmental area.
- **Special Flood Hazard Area (SFHA):** One parcel is partially located in a SFHA.

- 6211 NYS Route 26 – An estimated 220 sf (0.005 acres) is located in the SFHA
- **Department of Environmental Conservation (DEC) Wetlands:** Zero parcels contain NYSDEC wetlands
- **National Wetlands Inventory (NWI) Wetlands:** Zero parcels contain NWI wetlands
- **Streams/Creeks:** Zero parcels contain a stream/creek segment

Removals

The Broome County Agricultural and Farmland Protection Board recommends Broome County Legislature removes 74 parcels totaling 775.32 acres from the Agricultural District. After analyzing the parcels and providing the property owner(s) with an opportunity to request to remain in the district, it was determined these parcels either do not contain viable agricultural land and/or do not support agricultural operations. The list of the parcels recommended for removal is as follows:

Consolidation

The Broome County Agricultural and Farmland Protection Board recommends Broome County Legislature consolidated Broome County Agricultural Districts 3, 4 and 5 into one countywide agricultural district, Broome County Agricultural District 5. Consolidating the county's three agricultural districts into one will streamline the review process and simplify record keeping for landowners who own farmland in different districts.

Consolidated District	Current Districts	Anniversary Date
District 5	Districts 3, 4, and 5	January 11, 2027

This action will not result in a change in the intensity of land use, existing traffic levels, impact to public or private water or wastewater utilities, or potential for erosion or flooding or drainage problems.

This "Off the Record Offer of Settlement" ("Offer") is being made by Broome County and the Broome County Sheriff's Office to the Broome County Sheriff's Law Enforcement Officers' Association ("Union") with the understanding and agreement by the Union, and any of its agents or representatives, that it is to be used by the parties to attempt a negotiated settlement and that it cannot release or use its contents to the media, or any other proceeding or forum (i.e. court, interest arbitration, PERB proceeding, etc.) without the express written consent of Broome County. The purpose of the "Offer" is for the limited purposes of settlement and can be modified or withdrawn at anytime by Broome County.

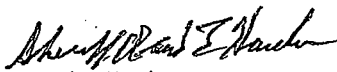

As you know, a final agreement will require approval from the Broome County Legislature.
