RESOLUTION AUTHORIZING A ROAD USE AGREEMENT WITH WILLIAMS FIELD SERVICES COMPANY, LLC FOR USE OF BROOME COUNTY ROADS

WHEREAS, the Commissioner of Public Works, Parks, Recreation and Youth Services requests authorization for an agreement with Williams Field Services Company, LLC, for use of Broome County Roads, with terms of the agreement attached hereto as Exhibit "A", now, therefore, be it

RESOLVED, that this County Legislature hereby authorizes an agreement with Williams Field Services Company, LLC, 310 State Route 29 North, Tunkhannock, Pennsylvania 18657, for use of Broome County Roads, with terms of the agreement attached hereto as Exhibit "A", and be it

FURTHER RESOLVED, that the County Executive or her duly authorized representative is hereby empowered to execute any such agreements, documents, or papers, approved as to form by the Department of Law, as may be necessary to implement the intent and purpose of this Resolution.

ROAD USE AGREEMENT

This Road Use Agreement is entered into this _____ day of _____, 2015 ("Effective Date") between Williams Field Services Company, LLC having offices at 310 State Route 29 North, Tunkhannock Pa 18657 hereinafter "Company", and the County of Broome, a municipal corporation having offices at Edwin L. Crawford County Office Building, Binghamton, New York 13902 hereinafter "Municipality". The Company and Municipality are each a "Party" and referenced together as the "Parties".

RECITALS

WHEREAS, Company is a Limited Liability Company engaged in natural gas gathering and transportation, including but not limited to pipeline construction, maintenance and operation; and

WHEREAS, Company intends to engage in the construction activities related to the New York Loop Midstream natural gas pipeline ("New York Loop Midstream Pipeline Construction Activities")¹; and

WHEREAS, Company will necessarily need to traverse the Municipality's highways, roads, bridges, culverts and related fee owned land, rights-of-way or easements owned or maintained by the Municipality (collectively "Roads") with Company operated heavy machinery weighing in excess of 26,001 lbs. (consisting of certain trucks, construction machinery and equipment and other related items operated by the Company during the New York Loop Pipeline Construction Activities) (collectively referred to herein as "Company's Heavy Vehicles"); and

WHEREAS, Company acknowledges that Company's Heavy Vehicles may unintentionally cause damage to said Roads; and

WHEREAS, the Municipality seeks guarantees and assurances from Company that Company will pay and/or otherwise indemnify the Municipality for any Damage (as defined herein) to the Roads arising from its activities.

NOW, THEREFORE, in consideration of these promises and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Company and the Municipality, each intending to be legally bound, agree as follows:

1. Company Responsibilities.

a. Company agrees that it shall be responsible for ensuring that all debris, garbage, and waste upon roads related to New York Loop Midstream Pipeline Construction Activities are disposed of in the appropriate manner and be responsible for obtaining any applicable approvals, permits and/or orders.

b. Company shall not block or obstruct or interfere with the flow of traffic in both lanes of traffic for any more than ten minutes at a time and shall use reasonable efforts to not block the

¹ The New York Loop Midstream Pipeline Construction Activities consist of a Company pipeline project an application for which was filed with the New York Public Service Commission to Case 13-T-0538. On October 16, 2015, the Commission issued an Order approving this project.

flow of traffic in both lanes more than five minutes at any time. Company agrees that any proposed temporary Road closings will be properly coordinated in advance with the Municipality. Longer term closures if required shall be coordinated with the Municipality in writing at least 48 hours prior to the closing and the Company shall be responsible for complying with any and all applicable New York State and federal laws concerning traffic control requirements for every activity that will impact the flow of traffic. The Company will comply with its work hour limitations set forth in its Public Service Commission Order for this project.

c. The term "Company" shall include its employees, agents, vendors, contractors, subcontractors, and/or haulers. Company shall require that each and every employee, agent, vendor, contractor, subcontractor, and hauler will comply with the terms and conditions of this Agreement and the Company shall be responsible for any failure of each and every employee, agent, vendor, contractor, subcontractor, and hauler that fails to comply with the terms of this Agreement.

2. Road Surveys and Routes.

a. Exhibits A-1 and A-2 are the list and map, respectively of the Roads that Company's Heavy Vehicles will be using as part of the pipeline construction. The parties recognize that other routes may become necessary to use due to various reasons. Should any Roads not listed or shown on Exhibits A-1 and A-2 be expected by Company to be used by Company's Heavy Vehicles, the Company shall notify the Municipality, unilaterally add the Roads to Exhibit A-1 and A-2 and conduct the necessary surveys under this Agreement.

b. If the Company and Municipality identify deficiencies or inadequacies in the Roads relative to planned construction activities, Company shall undertake construction to reinforce and improve the Roads as necessary to correct such deficiencies or inadequacies ("Reinforcement Activities"). Company shall perform the Reinforcement Activities only after the Municipality approves the Reinforcement Activities. Reinforcement Activities on the Roads shall be conducted so as to minimize the effects on local transportation and shall be coordinated with the Municipality with respect to its planned construction (if any) affecting the Roads.

c. Following the performance of Reinforcement Activities and prior to the commencement of use of the Roads by Company's Heavy Vehicles to deliver goods and equipment to active construction sites of the Company, Company and the Municipality shall confer regarding the routes to be used for Company's Heavy Vehicles engaged in the Company's activities and the precautions to be taken to protect health and safety.

d. Prior to the commencement of Road use activities by Company's Heavy Vehicles, at Company's cost, Company and the Municipality shall cooperatively prepare a suitable video survey of the Roads identified in the Road route and shall provide a copy thereof to the Municipality at no cost to the Municipality.

e. The Company shall notify the Municipality that construction activities have been completed within five (5) days of the completion of the construction of the New York Loop Midstream Pipeline Construction Activities and, thereafter, at Company's cost, Company and the Municipality shall cooperatively prepare a suitable post-construction video Road survey of the Roads identified in the Road route.

f. Immediately following the completion of the post-construction video Road survey, Company will provide the Municipality with the result of the Road studies, including a copy of the video.

g. In the event Company deviates from the Road route designated in, or added by the Company to, Exhibits A-1 and A-2, the Municipality may request and Company shall immediately upon receipt of such request cease and desist such deviation.

h. Company shall be liable for any and all Damages (as defined herein) to the Municipality for repair of the Roads in accordance with the procedure set forth in Section 3, below.

3. Road Damage.

a. If any Damage (as defined in Section 3(b)) occurs to Roads by the use of Roads by Company's Heavy Vehicles during the construction of the New York Loop Midstream Pipeline Construction Activities and such Damage is, in the reasonable opinion of the Municipal Engineer (and/or Highway Commissioner), an immediate danger to the public using said Road, then the Municipality may undertake immediate emergency repairs to said Road. Immediate danger to the public using said Road includes any condition that in the opinion of the Municipal Engineer (and/or Highway Commissioner) creates a safety risk if not repaired within the next 15 days. In the event Company becomes aware of any such Damage, it shall notify the Municipality within 48 hours of such Damage in writing detailing the Damage. If the Municipality discovers the Damage, the Municipality shall submit a written notice to Company detailing the Damage. Provided the Company agrees to act in accordance with a schedule approved by the Highway Superintendent, in lieu of the Municipality implementing the emergency repair, the Company may then elect to undertake the repairs, including retention of necessary contractors and subcontractors and will coordinate such activities with the Municipality. Should the Company not elect to undertake said repairs in accordance with a schedule approval by the Highway Superintendent, the Company shall pay the reasonable repair costs incurred by the Municipality unless Company reasonably disputes the invoice, scope of repair, need for repair or its liability for the repair. The non-disputed costs incurred by the Municipality to repair said Damage shall be paid as set forth below. Company shall pay the reasonable charges within 15 days of receipt of the invoice. In the event of a dispute, then both parties shall abide by the procedure set forth herein for dispute resolution in Section 4 below. The undisputed amount shall be paid within 15 days of receipt of the invoice.

b. Within 45 days following the completion of the New York Loop Midstream Pipeline Construction Activities and notification to the Municipality by Company, the Municipality must notify Company in writing if the Municipality believes the Damages to the Roads arise from the New York Loop Midstream Construction Activities. The terms "Damage" or "Damages" as used in this Agreement shall mean injuries caused by Company's Heavy Vehicles consisting of base failure, alligator cracking, greater than 50% chip seal surface loss, vehicle track marks, an increase in rutting of asphalt of more than ½ inch in depth in the wheel path, shoulder cracking, pot holes, raveling, wheel path in ditch lines and greater than 50% aggregate surface loss on a dirt/gravel road. The terms "Damage" or "Damages" shall not include injuries to the Roads that (1) were present prior to the Company's use thereof by Company's Heavy Vehicles or that were present during preconstruction documentation; (2) that occurred after repairs to the Road were made and at a time Company's Heavy Vehicles were not in use by the Company on the Road; or (3) ordinary wear and tear. Notwithstanding anything in this Agreement to the contrary, Company shall only be liable for

reasonable costs, fees, expenses and any other reasonable bills incurred to or by the Municipality to repair Damage to Roads.

c. Except under the situation covered by Section 3(a), within 30 days of a receipt of any written notice of allegation of Damage from the Municipality, Company shall notify the Municipality in writing of its agreement or disagreement with the allegations.

d. Within the 30 day timeframe referenced in section 3(c), Company may elect to undertake all or some of the repairs, including retention of necessary contractors and subcontractors and will coordinate such activities with the Municipality. Should the Company not elect to undertake all such repairs, it shall reimburse the Municipality for the reasonable repair costs within 30 days of receipt of invoice unless Company reasonably disputes the invoice, scope of repair, need for repair or its liability for the repair. If Company disputes any invoice, it shall pay the Municipality for all undisputed items and shall provide a written statement as to its basis for contesting the disputed amount(s) within the foregoing 30 day period. In the event of a dispute, then both parties shall abide by the procedure set forth herein for dispute resolution in Section 4 below.

e. The manner of repair of any Road Damage described in this Agreement shall be at the reasonable discretion of the Municipal Highway Commissioner consistent with the Road or bridge standards that are otherwise applicable throughout the Municipality for the type of road or bridge involved being a guide. Notwithstanding anything in this Agreement to the contrary, in no event shall the Company be required to pay for, or to install itself, road base materials or surfaces to a condition better than existed prior to the alleged Damage caused by the Company. By way of example, should Damage occur to an unpaved Road, the Company will not be required to pave such Road. The parties agree that the roadway repairs will consist of those repair processes identified in Exhibit B.

f. Within two weeks of full execution of this Agreement, the Company will provide the Municipality with a nonrefundable payment of Ninety Four Thousand Five Hundred dollars (\$94,5000.00) ("Fee Reimbursement Payment") to be used for the Municipality's payment of any professional, inspection or administrative fees it incurs and for community purposes related to transportation activities. The Company's obligations regarding payment of the Municipality's professional, inspection or administrative fees shall be satisfied by this payment and it shall have no further obligations related to such fees.

4. Dispute Resolution

a. Any litigation related to this Agreement shall be brought before a court of competent jurisdiction.

5. Bonding

a. Prior to the commencement of construction of the New York Loop Midstream Pipeline Construction Activities and use of the Roads by the Company's Heavy Vehicles, Company shall obtain and deliver to the Municipality a bond in the amount of One Million Dollars (\$1,000,000.00). Such Bond shall be executed by a reliable bonding or insurance institution authorized to do business in the State of New York and reasonably acceptable to the Municipality, and shall be attached to this Agreement as Exhibit C.

b. Company shall be listed as principal with the instrument benefiting the Municipality, as obligee and shall be conditioned that the Company will comply with the terms and conditions of this Agreement. The original bond shall be delivered to the appropriate Municipal employee or supervisor.

c. In the event that the Company does not undertake repairs or reimburse the Municipality in the time allotted under Section 3 above, (including any time for dispute resolution) the Municipality shall be authorized to demand payment from and against any bond to recover any amounts due from the Company for repairs to the Roads and/or bridges. Upon receipt of the monies, the Municipality will proceed with completing the required repairs. Nothing in this subsection will prevent the Municipality from proceeding by way of a civil action to obtain compliance and abate the default.

d. In the event the Bond contains a stated termination date, then Company shall renew or obtain a new Bond in the agreed upon amount no later than 30 days prior to the stated termination date. It is the intention of the parties that the Bond for the stated amount remains in effect throughout the term of this Agreement. In addition, should Company convey any or all of its interest in this Agreement, then the new owner will obtain a Bond to comply with this Agreement.

e. The Bond is to guarantee reimbursement to the Municipality for all reasonable costs of labor, material and equipment expenses for the Municipality may incur in repairing any Road consistent with the provisions of this Agreement.

f. The cancellation of any Bond will not release the Company from its obligation to meet all of the requirements of this Agreement.

g. In the event the cost of any such repair is less than Twenty Five Thousand dollars (\$25,000.00), such amount will be deposited by the Company in an a mutually agreeable escrow account for the Municipality to draw upon to complete repairs, if such repairs have not been undertaken by the Company.

h. Nothing in this Section 5 shall be construed to result in a waiver of any rights of the Company, bonding company or insurance institution issuing a bond to dispute or challenge any claims for payment by the Municipality for alleged Damage to its Roads.

6. Indemnification and Insurance.

Upon the Effective Date, Company shall purchase and maintain or cause to be maintained insurance of the following types and form during the Term (as defined in this Agreement) and the Company shall require its vendors, contractors, subcontractors, and/or haulers obtain and maintain the types and forms of insurance during the Term as determined by Company. Company shall furnish Municipality with certificates of insurance and endorsements of all Company required insurance, as may be reasonably requested.

a. Commercial General Liability (CGL): Company shall maintain, at its own cost and expense, a minimum level of commercial general liability insurance of two million dollars (\$2,000,000) for each occurrence, and four million dollars (\$4,000,000) in the aggregate. Insurance coverage shall be at least as broad as the Insurance Services Office (ISO) Commercial General Liability Coverage "occurrence" form, with no coverage deletions. Company agrees that it will

include the Municipality as an additional insured. Coverage for the additional insured shall apply as primary and non-contributing before any other insurance, including any deductible, maintained by, or provided to, the additional insured. All insurers shall have at least an A - (VII) or better rating by A.M Best and be qualified to do business in the jurisdiction where the Project is located.

b. Workers' Compensation and Employers' Liability: Company shall have Workers' Compensation insurance indicating compliance with any applicable labor codes, acts, laws or statutes, state or federal, at the premises where the work is performed. Employers' Liability insurance shall not be less than five hundred thousand dollars (\$500,000) for injury or death each accident.

c. Said insurance shall provide for notice to the Municipality prior to cancellation of any coverage per policy terms and conditions.

d. Intentionally Omitted.

e. Indemnification, Waiver and Forbearance. To the fullest extent permitted by law, Company shall defend, indemnify and hold harmless the Municipality, its agents and employees from and against all third party claims, damages, losses and expenses, arising out of or resulting from Company's breach of this Agreement or Company's negligent or willful misconduct in the course of Company's completion of Road repairs under this Agreement. With respect to injuries to persons for whom Company has secured the payment of compensation as provided under the New York Workers' Compensation Law and which Company has agreed in this section to provide indemnification to the Municipality, this provision shall be construed as one by which the Company has expressly agreed to contribution or indemnification of the Municipality within the meaning of New York Workers' Compensation Law § 11. Such obligation shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity or contribution which would otherwise exist as to any party or person described in this section. In any and all claims against Municipality or any of its agents or employees by any employee of Company, anyone directly or indirectly employed by it or anyone for whose acts it may be liable, the indemnification obligation under this section shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for Company under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts. The Municipality agrees that the remedies related to Road Damages and repair set forth herein shall be the sole remedies for such Damages. So long as the Company materially complies with the terms and provisions of this Agreement, the Municipality hereby waives any rights to seek additional damages or payments for Damages to the Roads in addition to, or in excess of, the remedies afforded herein. So long as the Company materially complies with the terms and provisions of this Agreement, the Municipality further agrees that it shall not seek, obtain or enforce punitive damages, including, but not limited to treble damages set forth in New York Highway Law Section 320, for Damages to the Roads, and that Damages successfully remediated pursuant to this Agreement shall not be considered damages subject to the provisions of New York Highway Law Section 320.

7. Captions and Headings.

Captions and headings throughout this agreement are for convenience and reference only and the words contained therein shall in no way be held or deemed to define, limit, describe, explain, modify, amplify or add to the interpretation, construction or meaning of any provision or of the scope or intent of this agreement nor in any way affect this Agreement.

8. Modifications.

This Agreement cannot be changed orally, but only by agreement in writing signed by the Parties against whom enforcement of the change, modification or discharge is sought or by its duly authorized agent.

9. Severability; No Waiver.

If any provision of this Agreement, or any portion of any provision of this Agreement, is declared null and void, such provision or such portion of a provision shall be considered separate and apart from the remainder of this Agreement, which shall remain in full force and effect. The waiver by any party hereto of a breach or violation of any term or provision of this Agreement shall not operate or be construed as a waiver of any subsequent breach or violation.

10. Governing Law.

This Agreement shall be governed and construed in accordance with the laws of the State of New York.

11. Binding Effect.

This Agreement shall be binding upon, and inure to the benefit of, the Parties hereto and their respective successors and assigns.

12. Entire Agreement.

The entire agreement of the parties is contained in this Agreement. No promises, inducements or considerations have been offered or accepted except as herein set forth. This Agreement supersedes any prior oral or written agreement, understandings, discussion, negotiations, and offers of judgment or statements concerning the subject matter thereof. The parties hereto agree to execute and deliver such other documents and to perform such other acts as may, from time to time, be reasonably required to give full force and effect to the intent and purpose of this Agreement.

13. Counterparts.

This Agreement may be entered in counterparts, each of which will be considered an original, and all of said counterparts shall together constitute one and the same instrument which may be sufficiently evidenced by one counterpart.

14. Authority of Parties.

The individuals who have executed this Agreement on behalf of the respective Parties expressly represent and warrant that they are authorized to sign on behalf of such entities for the purpose of duly binding such entities to this Agreement.

15. Notice.

a. Any notice or other communication required or permitted under this Agreement shall be in writing and shall be deemed to have been duly given (1) upon hand delivery, or (2) on the first day following delivery via a nationally registered United States overnight courier service.

b. For purposes of this Agreement only, any notices to the parties shall be directed to the parties as set forth below:

The Parties may change their notice addresses upon written notice to the other Party using a method set forth in this Section 15.

16. Cure.

In the event the Municipality believes a default in the obligations of the Company under this Agreement has occurred), the Municipality shall give the Company written notice of such alleged

default and the Company shall have fifteen days from the receipt of such notice to cure such alleged default, except that should the nature of the alleged default be such that it cannot be reasonably cured within such fifteen days the Company need only commence cure activities within such fifteen days and shall have a reasonable amount of time after the expiration of the fifteen day period to cure such alleged default. Notwithstanding anything in this Section 16 to the contrary, the Company shall have a reasonable amount of time to cure an alleged default with regard to its obligations regarding disposal of debris and the blockage of traffic.

17. Term.

The Term of this Agreement shall be from the Effective Date until the Company provides notice of the completion of the New York Loop Midstream Pipeline Construction Activities. The term of the responsibility for repair of Damage will begin on the date of the use of the roads listed in Exhibit A-1 by Company's Heavy Vehicles for travel to active construction sites and end on the date of the cessation of use by Company's Heavy Vehicles for such purposes. Multiple periods of use by Company's Heavy Vehicles may begin and end during the installation of the New York Loop Midstream Pipeline Construction Activities. Company will prepare, notify and update in writing a schedule of time periods of use by Company's Heavy Vehicles. Multiple pre and post use inspections will be necessary. A pre-use inspection of the Roads listed in Exhibit A-1 will record the existing road condition; a post-use inspection within 5 days of the cessation of use by Company's Heavy Vehicles will determine if any Damage has occurred during the specific time period of use by Company's Heavy Vehicles. Should Damage be identified that was not previously identified during the pre-use inspection, appropriate repairs will be completed. Upon completion of the repairs, the Municipality will issue a letter accepting the repairs and release the Company from damages that may occur from normal wear and tear until the next scheduled time period of use by Company's Heavy Vehicles for each Road. Should additional Road Damage not be identified, a letter from the Municipality will release the Company from the responsibility of repair of Road Damages of each of the Roads identified in Exhibit A-1 during the time period of use by Company's Heavy Vehicles. A final post-use road inspection will be conducted upon notice of the completion of construction of the New York Loop Midstream Pipeline Construction Activities to identify Road Damages (as defined in Section 3b) utilizing the following methods: reviewing the latest dated video record, reviewing records of use by Company's Heavy Vehicles during the applicable time periods and by reviewing the various road release dates. Damages (as defined in Section 3b) associated with the time periods of Company's Heavy Vehicle use by Company (not including normal wear and tear) will be repaired as set forth in this Agreement.

IN WITNESS WHEREOF, Company and the Municipality have caused their respective, duly authorized officers to execute this Agreement under seal as of the day and year first above written.

Scope of repairs will be field inspected and compared to the existing conditions as recorded by road video collected prior to the start of the use of each Road by Company's heavy vehicles. A copy will be provided to the Municipality for use of comparison to the Municipality video should the Municipality choose to prepare its own video record.

Should temperatures or seasonal restrictions apply, the Municipality may elect to waive temperature and seasonal restrictions or delay the repairs until Section 402 and 410 specifications can be met.

Notifications:

1. Company will notify and provide updates to the Municipality of the project schedule and the approximate time periods Company's heavy vehicles will be using the Municipality Roads.
2. Company will request a pre-use inspection of the roads listed in the Road use Agreement by the Municipality representatives and Company representatives for identification of any existing road damage prior to the time period of use by the Company's heavy vehicles.
3. Company will request a post-use inspection of the roads listed in the Road Use Agreement by the Municipality representatives and Company representatives for identification of any new road damage associated with the time period of use by Company's heavy vehicles.

Completion:

Upon completion of the pipeline construction, Company will contact the Municipality to schedule the final inspection of the roads listed in the Road Use Agreement for release of the roads from the Road Use Agreement and or identification of repairs.
