TOWN OF COLESVILLE

The Town of Colesville lies in the northeastern part of the County and is bounded on the north by Chenango County, east by the Town of Sanford, south by the Town of Windsor and west by the Towns of Kirkwood and Fenton. This town was formed on April 3, 1821, from the Town of Windsor. Harpursville is the largest village although it is not incorporated. Nineveh, Sanitaria Springs and Vallonia Springs are the larger of other small villages in the town.

Colesville derives its name from pioneer Nathaniel Cole, a Revolutionary soldier. He settled in 1795, on a hill south of Harpursville, known since as Coles Hill. He built a tavern there which was in operation as early as 1800. It was the first tavern between Albany and Binghamton. A marker now designates the location. The cemetery on Coles Hill is one of the oldest in the County. In this cemetery are about 25 or more grave markers of native stone, some of them erected there when Broome County was little more than a wilderness. Many are beautifully inscribed and engraved, and after almost 200 years, the lettering is still very clear.

One of the oldest buildings in the town is St. Luke's Episcopal Church, organized in 1799 in Harpursville. It was the first Episcopal Church in Broome County. The doors were closed in 1968. In 1970 ownership of the property was transferred to the Old Onaquaga Historical Society and it is now known as St. Luke's Church and Museum.

The Nineveh Library was organized in 1901, the first library founded in Broome County.

The Broome County Nathaniel Cole Park was opened in the town in 1974 and is located about two miles from the site of its namesake's tavern.
