

Broome County Office for Aging

... bringing seniors and services together

Annual Report 2025

Broome County Office for Aging

AGENCY MISSION

The mission of the Broome County Office for Aging is to improve and enrich the quality of life for all older persons residing in Broome County.

The Broome County Office for Aging:

- ✓ Promotes the dignity and independence of the older person.
- ✓ Ensures comprehensive and coordinated services are readily available.
- ✓ Encourages age friendly county wide planning.
- ✓ Fosters public awareness of the value and contribution of older persons to the community.

State of New York County of Broome Government Offices

Office for Aging

Jason T. Garnar, County Executive · Mary E. Turbush, Director

A Message from the Director

The year 2025 was dedicated to expanding in home service options, upgrading equipment, appliances and activities at the Broome County Senior Centers. Using unmet needs funding provided by New York State Office for Aging, BCOFA was able to expand service options for older adults. Unmet needs funding provided an opportunity for OFA to increase caregiver respite options both in the home and outside the home, secure a new contract with an aide agency, expand transportation options, expand in home supports such as laundry delivery, exterminations, home clean out services aimed at reducing hoards and provided funds to support an in-home mental health assessment program.

In 2025, unmet needs funding, county funds and a grant from Assemblywoman Lupardo provided upgrades to accessibility, equipment, appliances and activities for the eight Broome County Senior Centers and the Home Delivered Meal program. With this funding we purchased more efficient cooking and storage systems. Exciting new programming was brought to area senior centers which included Flex and Fuel Bingo, Cutting Board Conversations, Discover Live, Vivo, Memory Maker and Nex Playground systems. Our nutrition program provided 245,573 meals at local senior centers, senior housing meal sites and meals delivered to homebound individuals.

This was also a year of change for BCOFA. With safety of staff and participants as an absolute priority to BCOFA and with declining participants in our Binghamton Yesteryears Group Respite Program, a decision was made to merge the Binghamton and Endwell locations. Safety also played a role in the move of our Meals on Wheels office from a Binghamton location to a spacious and peaceful setting in Conklin. We appreciate the many volunteers that followed us to the new location.

We continued providing our traditional programs and expanded some services to address unmet needs. The NY Connects Program provided information and assistance to 4,455 individuals. The main requests were for information related to consumer and caregiver supports, housing, home based services, financial/insurance benefits, and transportation. Through the In-Home Services Program, clients received 22,333 hours of in-home aide service. To address ongoing shortage of aides in the community, BCOFA dedicated unmet needs funding to provide 41 clean outs to 29 clients. We also helped 37 older adults receive 566 laundry pickups. To expand in home respite services, BCOFA hired new staff who provided 18 caregivers with 334 respite hours.

The accomplishments of the Office for Aging are the result of the work of dedicated staff, Advisory Council members, committed contract agencies, community partners, and the enthusiasm of numerous volunteers and interns.

Sincerely,

Mary Turbush

2025 Program Highlights

Broome County Senior Centers & Congregate Meals Program – 3,381 individuals dined at local senior centers in 2025. The centers remained a hub of activity with physical wellness programs such as Bone Saver exercise, Balance Clinics, Tai Chi, chair exercise, line dancing and much more. New programs included Flex and Fuel Bingo and Cutting Board Conversations. A new program called Vivo was utilized at several senior centers. Vivo provides free, live, online fitness classes designed for older adults to improve strength, balance, and mobility from home. Discover Live tours continued to stream to several senior centers.

Social Isolation and Intergenerational Support – Social Isolation prevention continued to be a top priority in 2025. BCOFA partnered with several Binghamton University Departments to provide internship opportunities. In 2025, interns made 315 home visits to 37 older adults in their homes to engage in conversations and various activities. Older adults reported enjoying their regular home visits and students served as “eyes in the home” for OFA staff. Interns also provided support with intergenerational board games at local senior centers and the Walk with Ease program at the Oakdale Commons. Two intergenerational dance events were held in 2025 at Broome West and Johnson City Senior centers. Both were supported by students from the UE and JC High school.

Johnson City Senior to Senior Dance

Technology played a crucial role in helping older adults combat social isolation. Technology in the form of robotic pets, tablets/iPads and personal ElliQ robots were placed in homes in 2025. 71 robotic cats or dogs were distributed. Older adults who received tablets/iPads were encouraged to access virtual senior center activities via online platforms. 26 older adults used ElliQ companion robots to help them stay connected and engaged.

Meals on Wheels - Home Delivered Meals (HDM) Program – There was an increase in utilization of this service compared to 2024. We served 672 participants in 2024 and 711 in 2025. 166,015 meals were delivered in 2024 and 176,774 in 2025. Volunteers contributed 24,480 hours of service. We welcomed 30 new volunteers. The main office was relocated from Binghamton to Conklin. This transition allowed us to consolidate several delivery routes, resulting in a total of 35 active routes serving our community. We proudly hosted our 8th annual March for Meals campaign, which generated both monetary donations and additional volunteer support. Open house events throughout the year also helped increase community awareness of our program while attracting new volunteers. During the holiday season, we partnered with the Bandera Family for a special Christmas delivery initiative, helping to bring holiday cheer and a warm meal to our clients. We continued enrolling clients who receive meals into Blooming Health which is a digital communication platform that can notify clients of program closures including weather related ones.

Support for Caregivers –Caregivers continued to receive support through caregiver counseling, trainings, presentations, a support group, respite options, and monthly information published via the Caregiver Corner in the Senior News. Trualta was promoted as a free option for Caregivers and includes a variety of online supports. Several respite options were available to caregivers. In home respite contracts allowed Caregivers to receive service in the home. OFA leisure time activity leaders were also used to provide caregivers with in home respite to options. Caregivers had access to group respite at the Endwell Yesteryears location. Non-traditional respite options included weekend and evening respite programs operated by local faith-based organizations and one private organization. OFA provided training and volunteers to support these sites. Contracts with two area nursing homes allow Caregivers access to overnight respite options.

Transportation: In 2025, OFA transportation services included OFA Mini bus and mobility management services contracted through Getthere. The Getthere contract supplements public transportation options with a special focus on service to clients in our rural areas. The service utilization of both contracts continued to increase. In 2024 there were a total of 21,825 rides. In 2025 total rides provided through both contracts were 26,411. The same significant increase applies to unduplicated clients served. 721 clients used transportation services in 2024. This number increased to 843 in 2025.

NY Connects/Information & Assistance (I&A) – NY Connects/I&A staff had 13,913 contacts with 4,429 unduplicated individuals. NY Connects/ I&A continued to be the single point of entry for home and community-based supports. The majority of calls received were from individuals seeking information on the following topics/needs: Consumer/Caregiver supports, Housing, Home based services, Financial benefits and Transportation.

In Home Services Program (IHSU) – Unmet need funds issued by NYS Office for Aging continued to allow IHSU unit to pilot or expand several services such as laundry, clean outs and personal emergency response systems. Medicaid eligibility guidelines changed in 2025 and older adults who qualified in the past were no longer able to access Medicaid supports that protect their safety and independence. This has led to more people with Medicaid seeking supports from BCOFA. BCOFA in-home services pivoted and now serves a larger demographic and more diverse income group. BCOFA has continued to increase the number of contracts we hold with area businesses to meet the needs of seniors especially regarding home cleanliness and safety issues.

Foster Grandparent Program (FGP) – In the 2024-2025 school year FGP had 33 volunteers who mentored 76 students in Elementary schools, Head Starts and daycare centers across Broome County. Volunteers contributed 25,378 hours of service. 97% of students mentored by Foster Grandparents in grades K-6 showed improvements in literacy and/or math. Additionally, 100% of Foster Grandparents reported feeling they make a positive difference in another’s life.

**Foster Grandparent
reads with students**

Broome Age-Friendly Project- In 2025, Broome County continued its commitment to being an Age Friendly community. Following our recertification in 2024, and the submission of the 2023-2026 Action plan, OFA and local partners made progress on initiatives that support residents of all ages. From improving community spaces to expanding programs that foster health, engagement, and inclusion, we are making Broome County a better place for residents of all ages. Building on these achievements and guided by the 2023–2026 Action Plan, Broome County will continue partnering with the community to advance age-friendly initiatives.

Elder Abuse and Prevention –OFA supported 1033 unduplicated older adults identified as at risk through the Elder Abuse Prevention Program funded by the Department of Social Services. The Elder Abuse Outreach Program has two main goals. One is to provide early intervention to clients through case assistance and thereby prevent a referral to Protective Services for Adults (PSA). The 2nd goal is to identify older adults whose risk of abuse, neglect and/or exploitation is beyond the intervention capabilities of OFA staff. The staff then refer such cases to PSA for consultation, review, and/or investigation. OFA and PSA work together to ensure that older adults remain safe in their homes and the community through regular communication and review of cases.

Older Adults in Broome County

The American Community Survey (ACS) published by the Census Bureau estimates that 27% of the total Broome County population is 60 years and older (2022 ACS 5-year estimate).

Table 1: Seniors Served by OFA Compared to County Population

Age	2023 Census Estimates	Clients Served by OFA in 2025	Percent of this Age Group Served
60+	53,871	9,923	18%
75+	18,840	3,907	21%
85+	6,184	1,386	22%

Source: 2023 ACS 5-year estimate

Targeted Populations

The Office for Aging is federally mandated to assure that certain targeted populations (which have been identified as most likely to need services) receive services in proportion to their presence in the Broome County senior population. The targeted senior populations include women, racial or ethnic minorities, low income individuals (at or below 150% of the federal poverty level) and those with the greatest social need (currently measured by counting those who live alone). Table 2 shows total clients served by OFA in 2025 as well as totals and percentages for clients served in the targeted population categories. Totals and percentages for the targeted population categories represent OFA clients who provided information about their age, gender, live alone and poverty status, race and ethnicity. Clients who provided this information to OFA can select multiple racial categories when enrolling with OFA. Table 3 shows the 2023 5-year ACS estimates for the 60+ targeted populations.

Data about the “live alone” status is available in Table 4. The 2023 ACS estimates that 42% of all Broome County households have a householder age 60+. Of these 34,323 households, 49% are non-family households that consist of a householder living alone or where the householder shares the home exclusively with people to whom he/she is not related. 45 % of these non-family households have a householder age 60+ who lives alone.

Table 5 provides information about the 2025 Federal Poverty levels. Table 6 offers information about source of income for households with a householder age 60+.

Table 2: Targeted Populations Served by OFA in 2025

Targeted Populations	Total number of clients with a known age, gender, poverty, live alone, race and ethnicity	% of total clients served
Total served	10,863	100%
Total 60+ served	9,923	91%
Women	6,944	65%
Low Income (below 150% of Federal Poverty Level)	2,212	20%
Live alone	3,481	32%
American Indian/Native Alaskan	49	0.45%
Asian	55	0.51%
Black or African American	319	2.93%
Native Hawaiian/Other Pacific Islander	6	0.06%
Middle Eastern	1	0.01%
White - Hispanic	192	1.76%
White - Not Hispanic	5,017	46.10%
Race Missing/Not available	5,243	48.18%

Table 3: 2023 American Community Survey Estimates for Targeted Populations in Broome County for Residents Age 60+

Broome County 60+ Population	Estimate	Percent
Total 60+	53,871	100%
Women	29,090	54%
Individuals age 60+ with a known Low-Income Status (n=51,990; low income defined as below 150% of the Federal Poverty Level)	9,358	18%
White	49,531	92%
Black/African American	1,616	3%
American Indian and Alaska Native	108	0.20%
Asian	1,119	2.10%
Native Hawaiian/Pacific Islander	0	0.00%
Some Other Race	269	0.50%
Two or More Races	1,131	2.1%
Hispanic or Latino	970	1.8%

2023 ACS 5-Year Estimates

Table 4: Data on Households with a Person Age 60+

Households Categories	Estimate	Percent
Total households in Broome County	81,781	100%
Households with a Householder age 60+	34,323	42%
Non-Family Households	16,818	49%
Householders living alone	7,568	45%

2022 ACS 5-Year Estimates

Table 5: 2025 Federal Poverty Guidelines*

SIZE OF HOUSEHOLD	100% POVERTY	150% POVERTY
1	\$1,303	\$1,956
2	\$1,762	\$2,644
3	\$2,220	\$3,331

*2025 Health and Human Services Guidelines as published in Federal Register.

Table 6: Older adults' source of income

Households with income in the last 12 months	Number	%
Total households with income	81,781	100%
Households with a householder age 60+	34,323	43%
- With earnings	15,445	45%
- With Social Security Income	26,085	76%
- With Supplemental Security income	2,059	6%
- With Cash public assistance	1,030	3%
- With retirement income	20,937	61%
- With Food Stamps/SNAP benefits	4,462	13%

In 2025 the Office for Aging worked with 15,863 individuals to provide information and connect to services. This number includes 10,863 individuals who provided consent to be entered in the Office for Aging Client Data System and an estimated 5,000 individuals who received services and did not provide consent to have their information recorded. Out of the 10,863 individuals OFA served 940 were under the age of 60.

I. Access Programs

Caregiver Services

Information, training, consultation, and support for caregivers to those 60 and above and for those of any age caring for someone with dementia.

Service	Description	2025
All Caregiver Services clients	Unduplicated clients	231
Caregiver Case management	Unduplicated clients	22
Caregiver Case management	Hours of service	31
Caregiver Counseling	Unduplicated clients	104
Caregiver Counseling	Hours of service	153.75
Caregiver Training	Unduplicated participants	28
Caregiver Training	Hours of service	28
Caregiver Support Groups	Number of sessions	16
Caregiver Respite*	Unduplicated clients	82
Caregiver Respite*	Hours of service	7,807.25

*Respite includes personal care in the home, group respite and institutional overnight care. In 2025 respite care included services provided by Yesteryears staff in clients' homes.

NY Connects Program

Office for Aging offers information, assistance and referrals for benefits, programs and services for people of all ages through its NY Connects program.

Service	Description	2025
NY Connects	Unduplicated clients	4,455
NY Connects	Contacts	13,910

Elder Abuse Outreach Program

Partnership between OFA and Department of Social Services to provide assistance to older adults at risk for abuse, neglect and/or exploitation.

Service	Description	2025
Elder Abuse Outreach	Unduplicated clients	1033

Senior News

A monthly publication offering information on a variety of subjects including senior center and community events.

Service	Description	2025
Senior News	Average monthly copies distributed	6,880

II. Benefit Programs

Foster Grandparent Program *

The Foster Grandparent Program connects low-income volunteers aged 55 and older with children with special needs who can benefit from extra support and love.

Service	Description	2025
FGP	Unduplicated Foster Grandparents	33
FGP	Stipend dollars for low-income seniors	\$101,519
FGP	Hours of service to Broome County schools and other institutions	25,379.75

*Program year: 07/01/2024-06/30/2025

Home Energy Assistance Program (HEAP)*

Certification for help with energy expenses for low-income seniors and those of any age receiving Social Security Income or Social Security Disability payments.

Service	Description	2025
HEAP	Applications received	2,350
HEAP	Applications certified for a benefit	1,813
HEAP	Benefits awarded	\$1,095,593

*Program year: 07/01/2024-06/30/2025

Senior Helpers Program

The Senior Helpers Program is a free employment referral service which matches workers, age 55 and older, with job orders placed by individuals and families in need of help.

Service	Description	2025
Senior Helpers Job Matches Made	Contacts	1,311

III. Community Based Services

Group Respite (Yesteryears)

Socialization and group activities for frail, isolated or memory-impaired seniors, as well as respite for family caregivers.

Service	Description	2025
Group Respite	Unduplicated clients served	43
Group Respite	Hours of service	4,892

Legal Services for the Elderly

Legal advice and representation in civil matters for older adults who can't afford private counsel, provided through the Legal Aid Society of Mid-New York.

Service	Description	2025
Legal Services	Unduplicated clients served	250
Legal Services	Hours of service	331

Senior Centers

Eight sites offering socialization, nutritious meals, wellness activities, and assistance.

Service	Description	2025
Congregate Meals	Unduplicated participants	3,318
Congregate Meals	Number of meals served	68,800

Transportation

Transportation provided by Broome County Transit: Office for Aging Mini Bus, BC Country, BC Lift and contract mobility management services through Getthere.

Service	Description	2025
Transportation	Unduplicated clients	843
Transportation	One-way trips	26,411

Health Insurance Information, Counseling & Assistance Program (HIICAP)

Free, unbiased and confidential assistance with health insurance questions and concerns provided through Action for Older Persons, Inc. (AOP).

Service	Description	2025
HIICAP/AOP	Unduplicated clients receiving individual counseling sessions from AOP	2,076
HIICAP/AOP	Estimated dollar savings for counseled clients	\$3,483,663
HIICAP/AOP	Education programs	51
HIICAP/AOP	Number of attendees at education programs	906
HIICAP/AOP	Volunteer hours	3138

Health and Wellness

Fostering the health and well-being of older people through social interaction, educational workshops and physical activities.

Service	Description	2025
Evidence Based Health Promotion *	Number of participants	1,218
Non-Evidence Based Health Promotion in the Community and Senior Centers**	Number of participants	13,835
Senior Recreation/Education	Number of sessions offered	8,119
Nutrition Counseling	Hours of service	276
Nutrition Counseling	Unduplicated number of participants	79
Nutrition Education	Number of group sessions	49

* Evidence-based Health Promotion programs such as Bingosize and Tai Chi classes.

** Non-Evidence Based Health Promotion Programs offered in the community and at senior centers included flu vaccine, vaccine clinics, at home exercise programs, yoga and chair exercises at the senior centers.

IV. In-Home Services

Home Delivered Meals

Healthy meals delivered to the homebound.

Service	Description	2025
Home Delivered Meals	Unduplicated participants	690
Home Delivered Meals	Number of meals provided	176,055

In-Home Services Unit (IHSU)

In-home assessments, homemaker services, personal care services, shopping, and Personal Emergency Response (PERS) units, for the homebound.

Service	Description	2025
Case managed clients	Unduplicated clients	765
Case management hours	One hour of service	3,143.75
Non-Consumer directed personal care and chore hours	One hour of service	13,370
Consumer directed personal care and chore hours	One hour of service	9,932
Personal Emergency Response System (PERS)	Unduplicated clients with a PERS unit	203

Shopper Service

This service provides non-emergency, on-going help with weekly grocery shopping and limited errands (e.g., bank, post office and pharmacy) to older adults who are physically unable to shop.

Service	Description	2025
Shopper Service	Unduplicated clients	27
Shopper Service	Contacts	259

Volunteers Make It Happen

The Office for Aging relies on hundreds of volunteers to deliver programs and services to Broome County seniors and caregivers. Volunteers contributed a total of 37,394 hours in the 2025 calendar year. Some of the categories of service are included below.

Service	Volunteer hours in 2025
Senior Centers	11,144
Home Delivered Meals	21,480
Office Volunteers	384
Yesteryear's Group Respite	433
Office for Aging Advisors	50
Health Insurance Information, Counseling, and Assistance Program	3,156
Shopping Service	481
Foster Grandparent Advisory Council	14
Tax Counseling for the Elderly	4,400

2025 Volunteer Recognition Dinner

Meals on Wheels volunteers at the location in Conklin

Client Satisfaction

Caregiver Services:

“The service for respite is excellent and much appreciated. OFA is a life saver. Thank you for all you do for my loved one.”

Foster Grandparent Program:

“Our Foster Grandparent volunteer is a wonderful support for students. She pays attention to the children’s needs. She is very caring and understanding. She loves picking out literature and reading to the kiddos.”

“Our volunteer helps the kids by building a great friendship with them.”

Friendly Visitation Program:

“The volunteer was friendly, good with computer issues and a good conversationalist.”

“I enjoyed having someone of good nature to talk to, play table games, and walk with.”

Group Respite Program (Yesteryears):

“I am so happy my mom was open to attending Yesteryears. She made a lot of nice friends there.”

Health and Wellness:

“Walk with Ease and Bingocize programs have been a lifesaver this winter. They give me a reason to get out of the house and not only help my health but also help me socialize with others.”

Health Insurance Information & Counseling Program (HIICAP)

“Choosing a healthcare insurance is always stressful. The process at Action for Older Persons made it much more relaxing and informative. Thank you.”

In Home Services:

“The fact that they are so supportive means a great deal. I am an only child and do not have family here. My case manager and Meals on Wheels are like family.”

Meals on Wheels:

“The food was so helpful, the volunteers couldn’t be nicer. The overall service has been amazing!”

NY Connects Information & Assistance

“Office for Aging has been a joy in my life. I don’t know what I would do without you.”

“I feel like a human being again. I was in a really bad place. Now I feel like I am going in the right direction.”

Senior Centers:

“My son and I eat at the senior center, and we find everything about the program to be excellent.”

“The people who volunteer are outstanding, restaurants should be so lucky!”

Senior Helpers

“The Senior Helper was very professional, nice, and did a good repair carpentry job.”

Senior News

“The Senior News is probably the best thing that OFA offers. The information it provides is invaluable and the articles are well written and enjoyable to read.”
