

## Supportive Housing Options

A variety of alternative assisted living options are available to older adults in Broome County. It is important to consider the different types of living options and how they will meet your specific needs. Please consider the following different levels of care based on your needs.

**Family Type Homes for Adults** Family Type Homes for Adults are smaller privately owned and operated family-like homes. They are licensed and inspected by New York State Office of Family and Children Services. Owners are independent contractors supervised by Department of Social Services (DSS). These homes accept private pay. The services included are; room, board, care and/or supervision for one to four elderly and/or disabled residents. Private pay only. Contact individual homes for availability & rates.
